

FOR IMMEDIATE RELEASE

Continuous technological advancement drives the CT Scanner Market in India, finds Netscribes

Netscribes (India) Pvt. Ltd., launches its CT Scanner Market India Report 2011 covering one of the emerging markets in India with strong growth prospects . It is a part of Netscribes' Healthcare Series reports.

Mumbai, India – September 19, 2011 – Netscribes (India) Pvt. Ltd., a knowledge consulting solutions company, announces the launch of its report – CT Scanner Market – India. The Indian medical imaging industry is experiencing a rapid growth over the last few years and is expected to continue its trend in the coming years also.

The report provides a snapshot of the CT scanner market. It begins with an introduction section which offers an outlook of the market segmentation and technological developments. The market overview section provides an insight into the market size and segmentation. Import and export figures for CT scanners, in terms of value have been provided in the next section.

An analysis of the drivers explains the factors for growth include its wide spread application area, higher accuracy in the results due to technological advancement, increasing health spending, increasing affordability and awareness among patients. Key challenges include continuous price hike due to technological advancement and competition from other medical imaging technologies.

The competition section highlights the features of the major players operating in the market. It includes a brief profile of the major domestic and foreign players in the market along with their financials.
